

13th REAAA Conference, 2009

13. Special Session- Incheon Grand Bridge

Title Of Paper	Author	Country
(13-01) Incheon Bridge : Facts and the State of the Art	Sung-Min Cho	Korea
(13-02) Stonecutters Bridge, Hong Kong Design and Construction	HUSSAIN Naeem	United Kingdom
(13-03) Super Long-span Bridge R&D Center in Korea	Song Pil-Yong	Korea
(13-04) Historical Background of the Incheon Bridge Project	Cho Kyung-Won	Korea
(13-05) The Role of the Contractor's Checking Engineer	A J Yeoward	United Kingdom
(13-06) Project Financing for Bto Section of Incheon Brige Project	Dae-Seop Roh	Korea
(13-07) The Present and Future of Kec's Overseas Business	Kim Nak-Joo	Korea
(13-08) Public Relations and Management of Visitors in Incheon Bridge During Construction	Hyun-Jae Cho	Korea
(13-09) Design & Construction of Incheon Bridge Csb Pylon	Son Yu-Suk	Korea
(13-10) Development and Application of integrated Geometry Control System in incheon Cable Stayed Bridge	Duk-Ki IM	Korea
(13-11) Evaluation of Aerodynamic Stablity for Incheon Cable-stayed Bridge	Yun-Seok KIM	Korea
(13-12) The Design of Cable-Stayed Bridge with Elliptic Pylon	Seo Jin-Hwan	Korea
(13-13) Design and Erection of Incheon Bridge	Man-Geun Yun	Korea
(13-14) Plan and Construction of Cable-stayed Bridge Side Span by Large Block Method	Hiroshi KUDO	Japan
(13-15) The Planning and Basic Design of Ulsan Grand Brdige	Park Kyung-Ho	Korea
(13-16) Busan-Geoje Fixed Link Project	Koo Im-Sig	Korea
(13-17) The Planning and Design of the 2nd Namhae Bridge	Koo Jeong hoi	Korea
(13-18) Analysis of Cable Supported Structure Considering Cable Sliding	Chung Kwang-Sup	Korea
(13-19) LRFD vs KBDC for the design of Incheon Bridge	Park Chan-Min	Korea
(13-20) Developement of New PSC Box Girder Bridge with Concrete-filled FRP Struts	Park Jong-Hwa	Korea
(13-21) Aesthetic Lighting Design on Incheon Bridge	Sung-Jae LEE	Korea
(13-22) Design and Construction of the Hybrid Arch Bridge	Jung Jae-Ho	Korea
(13-23) High performance expansion joints for the Incheon Bridge	Thomas SPULER	Switzerland
(13-24) Friction Dampers for Stay Cables Dynamic Stability on Incheon Bridge	Rachid ANNAN	Germany

13th REAAA Conference, 2009

(13-25) Toll Collection System and Freeway Traffic Management System in Incheon Bridge Project	Kwang-Ayoul Moon	Korea
(13-26) Design and Quality Control to Increase Durability in Incheon Bridge Project	Kyoung-Lae PARK	Korea
(13-27) Construction of Extradosed Bridge in the Government Financed Section	EUI-NAM PARK	Korea
(13-28) Application of Prestressed Composite Truss Girder in Incheon Bridge Project	Kim Seung-Hwaun	Korea
(13-29) Fabrication and Erection of Pfc m Bridge in Incheon Bridge Project: Construction Supervision of Independent Checking Engineer	Kim Hyung-Tae	Korea
(13-30) Incheon Bridge Elastomeric Bearings & Pot Bearings	Sung-Won KIM	Korea
(13-31) Bridge Health Monitoring System in Incheon Bridge	Kim Won	Korea
(13-32) Quality Control of Chloride Diffusivity of the High Durable Concrete for Approaching Road of Incheon Bridge	Kim Hong-Sam	Korea
(13-33) Traffic Safety and Disaster Management Facilities in Incheon Bridge Project	Cheol-Ho KIM	Korea
(13-34) Maintenance and Management System of Incheon Bridge	Son Hyeok-Soo	Korea
(13-35) Geotechnical Designs of the Incheon Bridge	Sung-Min Cho	Korea
(13-36) Technical Trends for Long Span Bridge Foundations	Steve Hencher	United Kingdom
(13-37) Ship Impact Protection Design for the Incheon Bridge	Lars Hauge	Denmark
(13-38) Pile Load Tests in the Incheon Bridge Project	Sung-Min Cho	Korea
(13-39) Design and Construction of Pile-Bents in Incheon Bridge Private Investment Project	Hyeok-Soo Son	Korea
(13-40) Modeling Experiments, Design and Construction for Bridge Scour Protection	Woon-Kwang Yeo	Korea
(13-41) PC House for Incheon Bridge Pile-Cap	Min-Kwan Kim	Korea
(13-42) Bridge Surface Pavement of the Incheon Bridge	Young-Kyu Yang	Korea
(13-43) Ground Improvements for Embankment Sections on the Soft Grounds in Incheon Bridge Project	Seung-Hwaun Kim	Korea
(13-44) Constructions of the Ship-Impact Protective Dolphin in Incheon Bridge Project	Byung-Sun Kim	Korea
(13-45) Assessment of Resistance Factors of a Drilled Shaft Embedded in Weathered Rock for Load and Resistance Factor Design	Hong-Joon Yoon	Korea

September 23-26, 2009 Songdo ConvensiA, Incheon, Korea
